

# RECOVER

These Clinical Notes are for the Exclusive Use of Health care Professionals

Recover is a rub on gel containing extracts of ginger, cloves, Coriander, Eucalypt and a natural gum all of which give unsurpassed anti-inflammatory and muscle relaxant relief. Added to the gel are two naturally occurring molecules Hydroxymethyl Butyrate and Gamma Amino Butyric Acid and Magnesium Boost, a proprietary mixture of minerals designed to stimulate repair of bones joints muscles and tendons

Hydroxymethyl butyrate is the breakdown product of the amino acid leucine in muscles. It stimulates muscle growth and repair and speeds up the healing of tendons. Gamma Amino butyric acid is a neurotransmitter in the brain but in the body it modifies the pain response. Magnesium Boost is a carefully balanced combination of essential minerals that promote bone, cartilage and joint repair. Recover also contains MSM and organic Sulphur compound.

Thus application of Recover supercharges the recovery of stressed muscles, nerves tendons and joints.

**Restore Joints, Muscles, Nerves and Tendons damaged by Disease**

**Recover quicker after exercise or injury.**

Trials have indicated that Recover has applications in bone and joint damage from arthritis, mobility problems associated with aging, metabolic disease, injuries and stiffness and tiredness associated with exercise. Broken bones should heal quicker and Recover has applications in osteoporosis.

Recover inhibits all 4 enzymes associated with inflammation, unlike other rub on products that only inhibit Cyclo-oxygenase.

**RECOVER is the ideal product for all Age related aches and Pains and for the performing Athlete.**

## RECOVER YOUR MOJO

**\$30 per 200ml Bottle**
